

# CastNXT Sprint 1 Retrospective

GitHub Repo: <https://github.com/shweta-kumaran/CastNXTfall24>

Heroku Deployment: <https://castnxtfall2024-a6422e600193.herokuapp.com/home>

Sprint 1 Duration: September 26, 2024 - October 9, 2024

Team Member	Role	Completed # of Points
Shweta Kumaran	Product Owner	4
Jose Salazar	Scrum Master	9
Rahul Baid	Developer	6
Rituparna Mandal	Developer	4
Harsh Shah	Developer	4
Alea Nablan	Developer	4
Fatemeh Zare	Developer	4
Milad Saadat	Developer	4

Sprint Goal: Ensure successful deployment of our application and successful local setup of the project for each developer, and to gain a greater understanding of the code base and application functionality.

Sprint Achievements:

- Each person on the team has set up the project locally
- Deployed our application to Heroku
- Set up a production database on mongodb and connected it to Heroku application
- Reviewed the codebase
- Upgraded the Ruby version and gems used in the application

Sprint Backlog:

Upload images directly taken from camera to application ( - )

- Was not able to complete since the set up took longer than expected

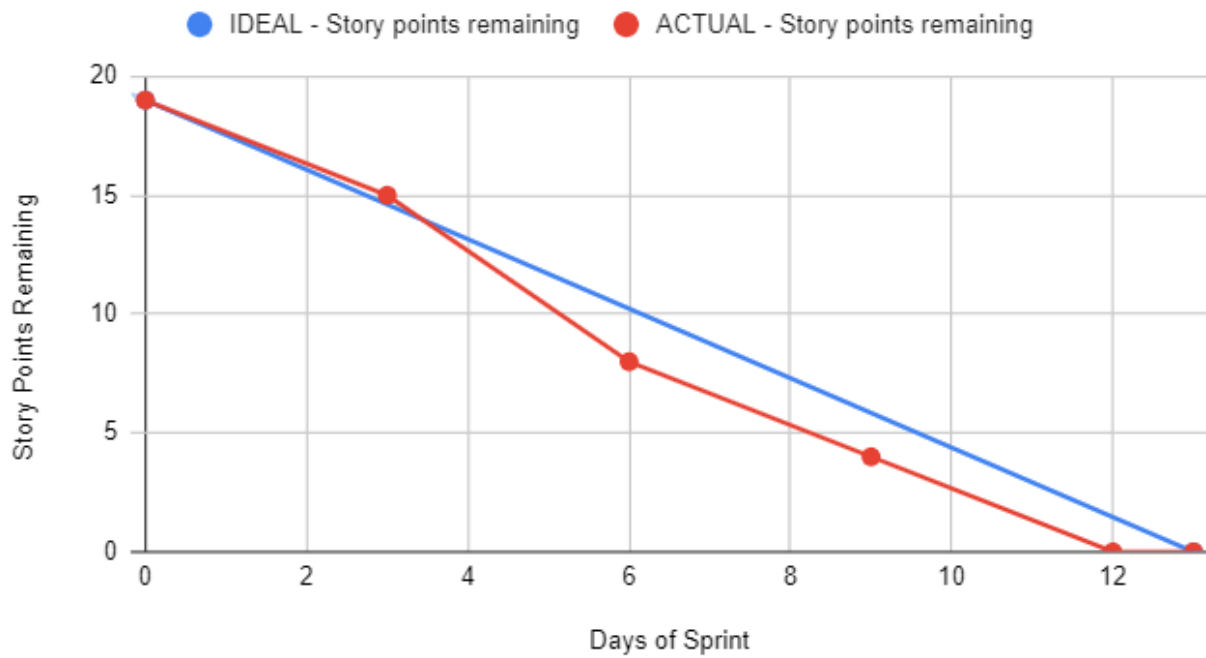

Send payments through a payment gateway ( - )

- Was not able to complete since the set up took longer than expected

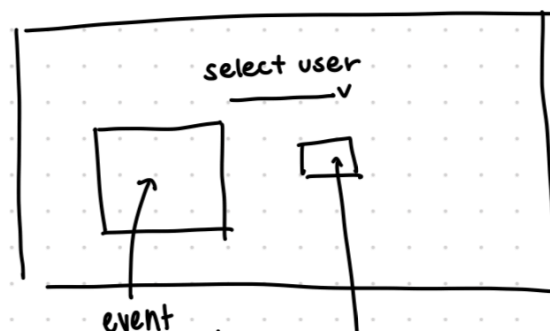

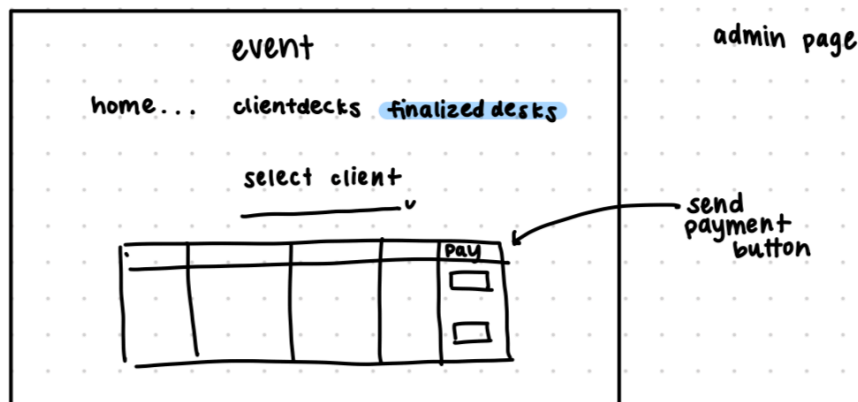

Changing terminology of users, admins and clients ( + )

## Burn Down Chart:

events submissions **portfolio**

#### Code Evaluation and Tests:

- 59 Code Smells, reported by Code Climate
- 152 cases of code duplication, reported by Code Climate
- No other style offenses reported from Code Climate
- 82% of all lines in project code files are covered, reported by running `yarn coverage`

Customer Meeting Date/Time: October 10, 2024 at 7PM CST

Customer Meeting Discussion: During the meeting we discussed more on the various features that he would like for us to implement. He went over in more detail on where certain features should be and how they should work with the application. We discussed how the spreadsheets and tabs should be consistent in design, where to add a DM feature in the admin side and adding a cover slide when viewing the talents.
